

### IMPORTANT

1. Always include complete heater model and serial number so that any specification change can be considered for parts order. It can save you time and expense.
2. Specifications are subject to change without notice.
3. We reserve the right to substitute functional replacements.

Venter (Option CA for X, XE & XL Series)	721

### Instructions for Selecting Parts Form

1. Check the heater rating plate. Write down both the Model Number and the Serial Number.
  2. **Select Parts Form by Model --**  
*If the model designation is in the list above, refer to the form listed for available replacement parts.*  
*If the model designation is not listed above, contact your Reznor Representative about the availability of replacement parts.*
  3. **Select Parts Form by Part Type --**  
 If the type of replacement part is listed, refer to the chart to the left.
- References: Form RGM-999, List Prices for Replacement Parts  
Form RGM-998, List Prices for Replacement Heat Exchangers

① Weights are listed for selected commonly ordered parts on the following pages. Weights reflect actual weight of part. Packing Material and Shipping Container will add to actual weight of package. UPS Shipments will be rounded to next full pound.

② Unit no longer manufactured, replacement parts may be limited.

③ This form is no longer in print. Contact your Reznor Representative.

④ Replacement valves for most products are not listed in the Parts Form by Model. See Form RGM-714 for valve replacement. Replacement valve is identified by the heater Serial Number.
